# REFRIGERANT BIN SHELVING

## SQUARE BACK

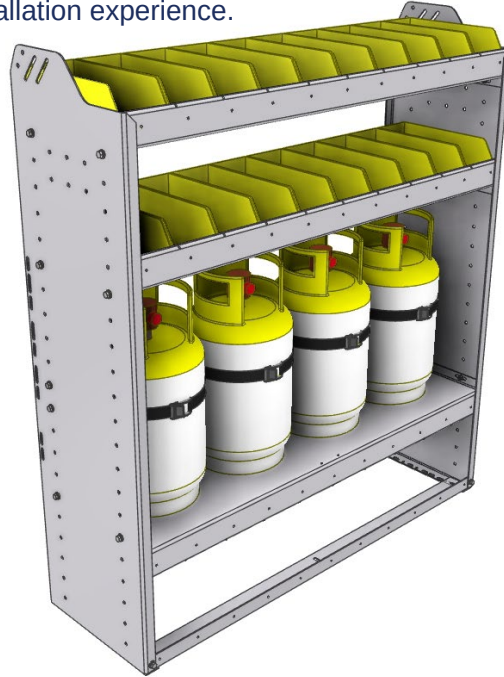

Our Square back Refrigerant Bin units are fabricated with 5052-H32 .100" thick aluminium. They are lightweight, strong and sturdy. All models come with a bottle track and cam buckles. Carefully designed with smart and functional features that are based upon 50 years of design, fabrication and installation experience.

**STRONG.** Our injection molded polypropylene bins are thick, strong and resistant to extreme cold.

**VERSATILE.** Our Side Panels are designed so you can adjust your shelves in 2" increments.

**ADJUSTABLE.** The bottle shelf can be adjusted in 2" increments.

**SMART.** Our bottom pan design gives you extra room to use a powerdrill, and is designed to bolt down on the top of the floor's strengthening ribs.
