SHELVING UNITS

PROFILED BACK BIN UNITS

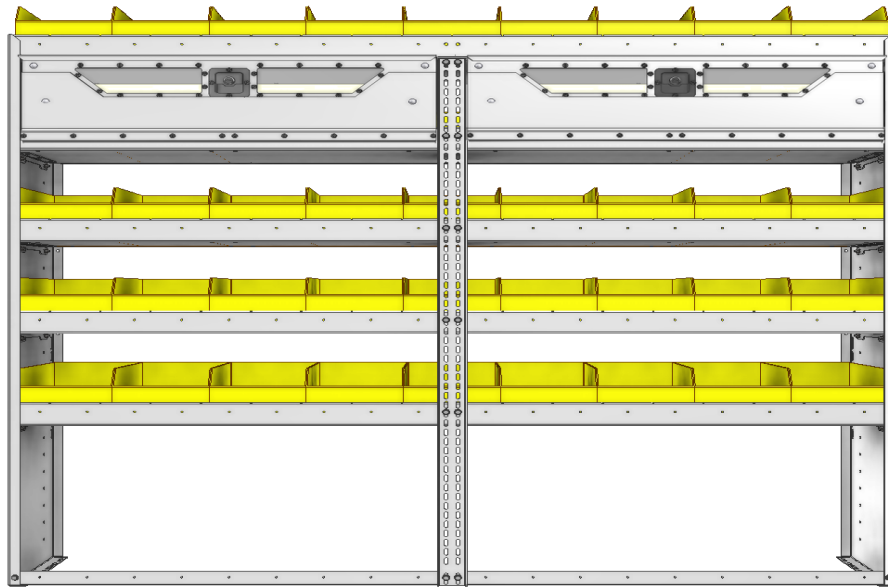

Our profiled back bin shelving modules are fabricated with 5052-H32 .100" thick aluminium. They are lightweight, strong and sturdy thanks to special aluminum alloys and advanced precision forging methods. Carefully designed with smart and functional features that are based upon 50 years of design, fabrication and installation experience. Our wide array of module dimensions makes it easy to satisfy your individual storage requirements.

STRONG. Our injection molded polypropylene bins are thick, strong and resistant to extreme cold.

ADJUSTABLE. Our Side Panels are designed so you can adjust your shelves in 2" increments.

Shown with optional equipment available in the accessories section.

TOUGH. For added strength, our 72", 84" and 92" wide modules come with an adjustable mid support beam.

FLEXIBLE. Our shelving modules are designed to accommodate our unique backpanelling option.

SMART. Our 1.5" lower lip design gives you extra room to use a powerdrill, and is designed to bolt down on the top of the floor's strengthening ribs.
