SHELVING UNITS

PROFILED BACK COMBO UNITS / DIVIDERS AND BINS

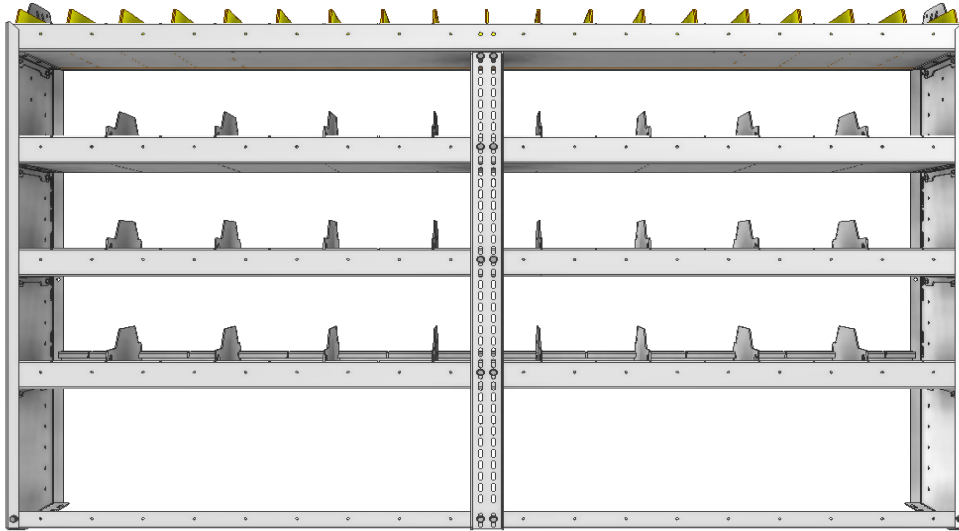

Our profiled back combo shelving modules are fabricated with 5052-H32 .100" thick aluminium. They are lightweight, strong and sturdy thanks to special aluminum alloys and advanced precision forging methods. Carefully designed with smart and functional features that are based upon 50 years of design, fabrication and installation experience. Our wide array of module dimensions makes it easy to satisfy your individual storage requirements.

COST EFFICIENT. Our combo units offer a cost efficient solution by replacing the lower shelves with bin-like dividers.

ADJUSTABLE. Our Side Panels are designed so you can adjust your shelves in 2" increments.

TOUGH. For added strength, our 72", 84" and 92" wide modules come with an adjustable mid support beam.

FLEXIBLE. Our shelving modules are designed to accommodate our unique backpanelling option.

SMART. Our 1.5" lower lip design gives you extra room to use a powerdrill, and is designed to bolt down on the top of the floor's strengthening ribs.
